

CROSS

arper

Cross

Adaptable, open and generous, the Cross table is equally suited for the boardrooms, residential spaces or for collaborative work environments. Thanks to optional configuration arrangements it can serve as a temporary meeting ground for group gatherings or a communal work station with room enough to share. The table's substantial length, both minimal and architectural, features a sturdy structure with ample space to create.

Cross table is available in many different configurations for the home or office. Finishes and accessories make Cross table adaptable to any environment—for work, for home, for creativity.

Designer

Design by Metrica (Bruno Fattorini - Robin Rizzini), 2014

The Italian design studio Metrica based in Milan have earned an international reputation for the unique approach to contemporary furniture design. Its services consist of a combination of Design, Product Development and Management of Business Strategy. Inspired by values as global mind-set, local codes, industrial vision, handcrafted design, it attests to the empathic design skills of Italian talent able to merge design sensibility, technical innovation and production techniques, combined with the Anglo-Saxon aptitude to apply a rigorous model of process management. Metrica, under the leadership of Lucio Quinzio Leonelli and Robin Rizzini, places furniture design in a new value context resulting in a recognized global vision in creating and managing projects.

2

3

4

- 1 Socket tower
- 2 Electrification of the table leg
- 3 Linking leg
- 4 Cable passageway

It is possible to create a line made up of several Cross tables using tops featuring the same depth and fitted with the special connection leg (Art. 5014), while a couple of legs (Art. 5015) must be positioned at the table ends. For example, for a 6 m long table you will need 3 200x100 cm tops (Art. 4P00506) + 2 connection legs (Art. 5014) + 1 set of legs (Art. 5015).

1 2

- 1 Linking leg (art. 5014)
- 2 Set of legs (art. 5015)
