

PLY

arper

Ply

Triangular in form and modular in nature, Ply is a system of low tables and stools rendered in fluid lines of wood. Engineered to create a continuous line from top through legs, its reduced silhouette and warm material complement its dynamic form. Alone or in groups, Ply's playful geometry of surfaces is like the game of Tangram, shape and color work together to create open compositions. Tables are available with different sizes and heights (36 cm and 44 cm) in oak, black and red finishes. Stools are available in three heights (44, 64 and 76 cm) for dining and bar use in two colors: natural oak and black.

Designer

Lievore Altherr Molina, 2013

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manel Molina in 1990. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product, and package design, their work has been globally exhibited and acknowledged. They are the recipients the prestigious National Design Award (1999) in Spain where they practice and teach extensively.
