

Tibas

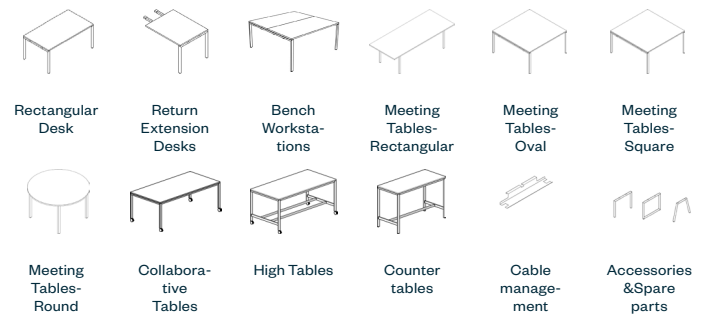

The Tibas desk system is remarkable for its clean and architectural design. Tibas is not obtrusive but deliberately discreet and honest. The desk top appears to float gently and elegantly over the sturdy frame and can be integrated harmoniously into any setting. Tibas is not just a workstation solution but can help architects to create exciting collaborative floorplates.

Features

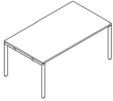

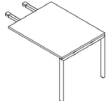

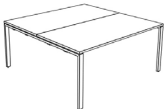

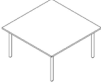

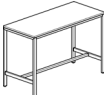

- Simple and minimalistic to create multiple work settings
- Creates a sense of community with an inviting balance of practicality and visual appeal
- With increasing demand for cost effective and dependable Workstation and table solution Tibas is the right choice as it is budget friendly
- Tibas is internationally available for multi-national customers who prefer to have similar product standards across their facilities
